ABOUT ME

SOIREE SAVVY

I'm an everyday girl with a passion for the not so every day events! I love finding and constructing fresh, creative event solutions for any and all types of events. From weddings to dinner parties, I've got ideas and tips that are sure to make it an affair to remember!

Pretty rope and knot borders on your table numbers carry your theme without getting too chintzy.

Holding your event on a boat can be pricey and may limit the number of guests you can invite. Take some of your pictures at a harbor, on a friend's boat, or even use boating items/accessories in your shoot.

Treat your guests to something sweet and simple like these sailboat cupcakes.
